

# Simulated Reserve and Corridor System to Protect Biodiversity

As Required by the UN Covention on Biological Diversity, Wildlands Project,  
UN and US Man and Biosphere Programs and World Heritage Program as a  
Vital Step in Attaining Sustainable Development

This map was used in the United States Senate to stop the ratification of the  
United Nations Convention on Biological Diversity

Taken From: The United Nations Convention on Biological Diversity, Article 8a-e; United Nations Global Biodiversity Assessment, Section 13.4.2.2.3; US Man and the Biosphere Strategic Plan, UN/US Heritage Corridor Program, "The Wildlands Project," WildEarth, 1992. Also see Science, "The High Cost of Biodiversity," 25 June, 1993, pp 1968-1871 and the Border 21 Sidebar of NAFTA. The very high percentage of buffer zone in the West is due to the very high percentage of federal land. NOTE: Do not use this map for real estate purposes.
